

219B Daly Street Belmont WA

4 2 2

Your property search is likely over now, once you view 219b Daly Street, Belmont! It is rare to find such a well put together "rear", "premium specification", home villa consisting of 4 bedrooms x 2 bathrooms with a striking front elevation situated in a "superb dress circle location" only a short walk to popular Centenary Park. My owner is relocating down south so we are set to sell - don't miss it!

"Rear" - the security conscious will appreciate being situated at the rear of a long driveway fringed by established foliage.

"Premium Specification" - built in 2005 by Impressions the property indulges in Adriatic styling with recessed brickwork, keystones, columns and external sandstone
