

69a Gardiner Street Belmont WA

3 1 4

The WOW factor of this amazing uniquely designed two storey is off the chart and is guaranteed to impress even the fussiest buyer. Centrally located near shopping & schools in tree lined Belmont location this street frontage residence in quiet group of three offers plenty of extras. Boasting double door portico entry into a massive open plan living space with high timber decorative ceiling and commercial grade front window system. French timber doors open onto a private outdoor area featuring washed concrete aggregate and a timber patio just perfect for entertaining your envious friends and family. My owner's instructions are quite clear, and the property is well priced to sell quickly so don't delay express your interest today to avoid total disappointment.

Type : Townhouse
