FAMILY RESIDENCE ON A HUGE 974SQM ONLY 200MT FORUM

(ZONED R20/40 SUITS FOUR TWO STOREY HOMES)

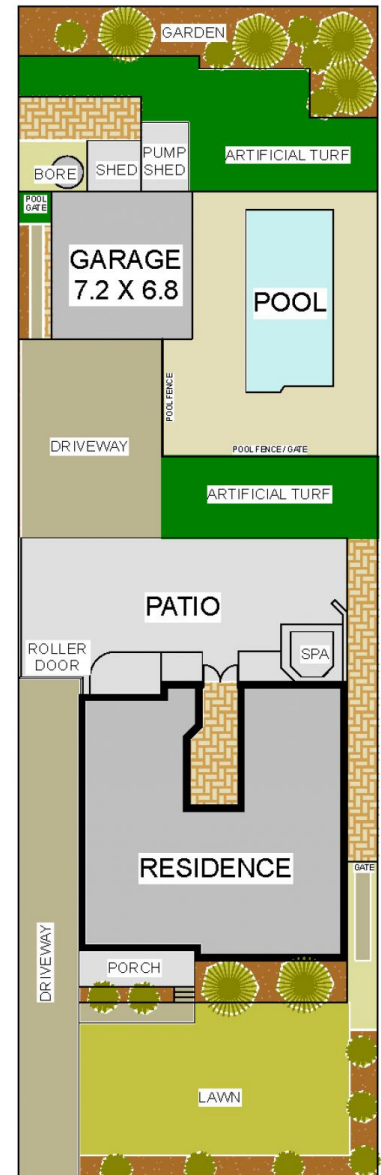

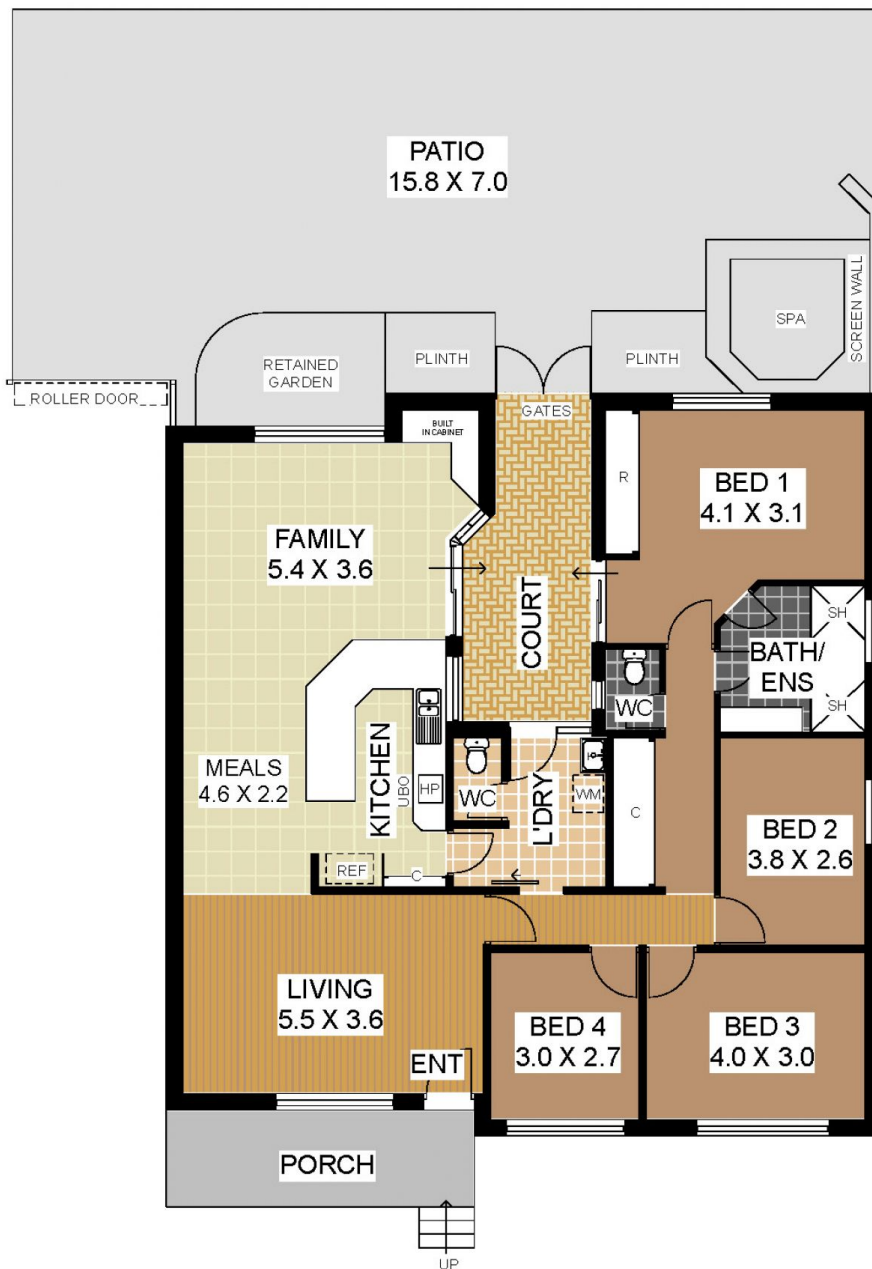

I personally sold this outstanding property in 1995, with its combination of sought- after location, fine family features and high density zoning, it will sell very quickly. Located next to Norlin Park only 200 meters to the Belmont Forum and with schools and public transport on your doorstep the location is second to none. This double brick and tile home has been extended and renovated over the years with full length patio, massive below ground pool and big powered garage/workshop to keep everyone busy. The sprawling 974sqm block zoned R20/40 poses development potential
